An ode to the iconic era of psychedelia, an homage to the rebellious spirit of rock...

What is there to learn from the time when chaos was welcomed?

Do not be deceived, this world is still yours, treat it as such.

„Riot” is a vertical rope act by Laura Kivistik. It was created as her graduation solo from SaSak Circus School in Lahti, Finland, and was performed as part of the graduation shows in February of 2021.

The inspiration for this act came from the culture, music and movements specific to the 1960s. Jimi Hendrix and his music was one of the biggest influencers, as the theme of psychedelia and constantly living in the middle of chaos was extremely interesting to explore.

The number is suitable for all audiences, but works best with people aged 16 years or older. It was created for a black box or theatre type stage.

About the artist

Born in Tallinn, Estonia, Laura discovered circus at the age of 6 in Circus Studio Folie. From that moment on she was hooked. With the youth circus she performed in many different countries and festivals, like Mignon InselCircus in Sylt, Germany, CirkOOH! CirkAAH! in Belgium and the London International Youth Circus Festival. In 2018 she moved to Lahti, Finland to attend SaSak Circus School and become a professional artist. Since then, Laura's love for the circus has grown only bigger and she hopes to keep performing for as long as possible.
